

burma children medical fund

BCMF | Operating to give Burma's kids a future

special thanks

From Ruby.

Dear Sir/Madam,

first of all I would like to say as I am a Christian, I believe that by the grace of the Lord, He provide me the wonderful friends and the wonderful donor that who are solidarity, sympathy and kindness to me and also to those who needed help so I am very grateful to you so much!

Because of your love and kindness I got the privilege to served for my people and my community. of course I would like to thank all of the donor that who provided the donations for those who really needed helps in their life, so in my though I believed that if I don't received the donations from you my life will gone and I will also lose the chance further more to served for my people in education programs.

Finally I would like to say, as you choose the correct ways for serving the poor people and provided the donation for those who really needed the help so I believed that your life successfully will fulfill with peacefulness, happiness and kindness for ever and ever.

Thank you so very much and may God bless you all.

Best wish
from Ruby.
